DESCRIPTION

Located on Március 15. Square, one of Budapest’s most distinguished locations offering exceptional views over the Danube, this 140 sqm luxury apartment is situated on the second floor and features three bedrooms.

The property also benefits from a 4 sqm balcony with uninterrupted views of the Danube, Elisabeth Bridge and Buda Castle. Its central location and individually designed interiors create a harmonious balance, offering both an elegant urban lifestyle and a truly distinctive home environment.

The heart of the apartment is the spacious 54 sqm living room, defined by distinctive interior design elements and carefully considered details. Bespoke plasterwork, a sculptural statement light and carefully selected designer furniture create an elegant and contemporary atmosphere.

One of the living room’s most striking features is the bespoke wall composition behind the sofa, incorporating natural Patagonia quartzite. The partially translucent stone reveals a captivating play of light when illuminated from behind, while its natural shades of gold, grey and white give the space a distinctive and sophisticated character.

The open-plan kitchen forms an integral part of the living area. Its centrepiece is a generously proportioned kitchen island finished in Iris FMG porcelain stoneware, featuring a marble-inspired surface complemented by bronze details and concealed lighting. The result is a refined and contemporary kitchen that blends seamlessly into the overall interior.

The three bedrooms have been designed with understated elegance and meticulous attention to detail. Bespoke plaster installations are complemented by individually adjustable concealed LED lighting, while the open wardrobe concept combines practical storage with an elegant display for personal and designer pieces.

The bathrooms feature premium Italian finishes and high-quality sanitary fittings. FMG and Porcelanosa surfaces, complemented by Grohe and Villeroy & Boch fittings, create a sophisticated balance between contemporary design and functionality.

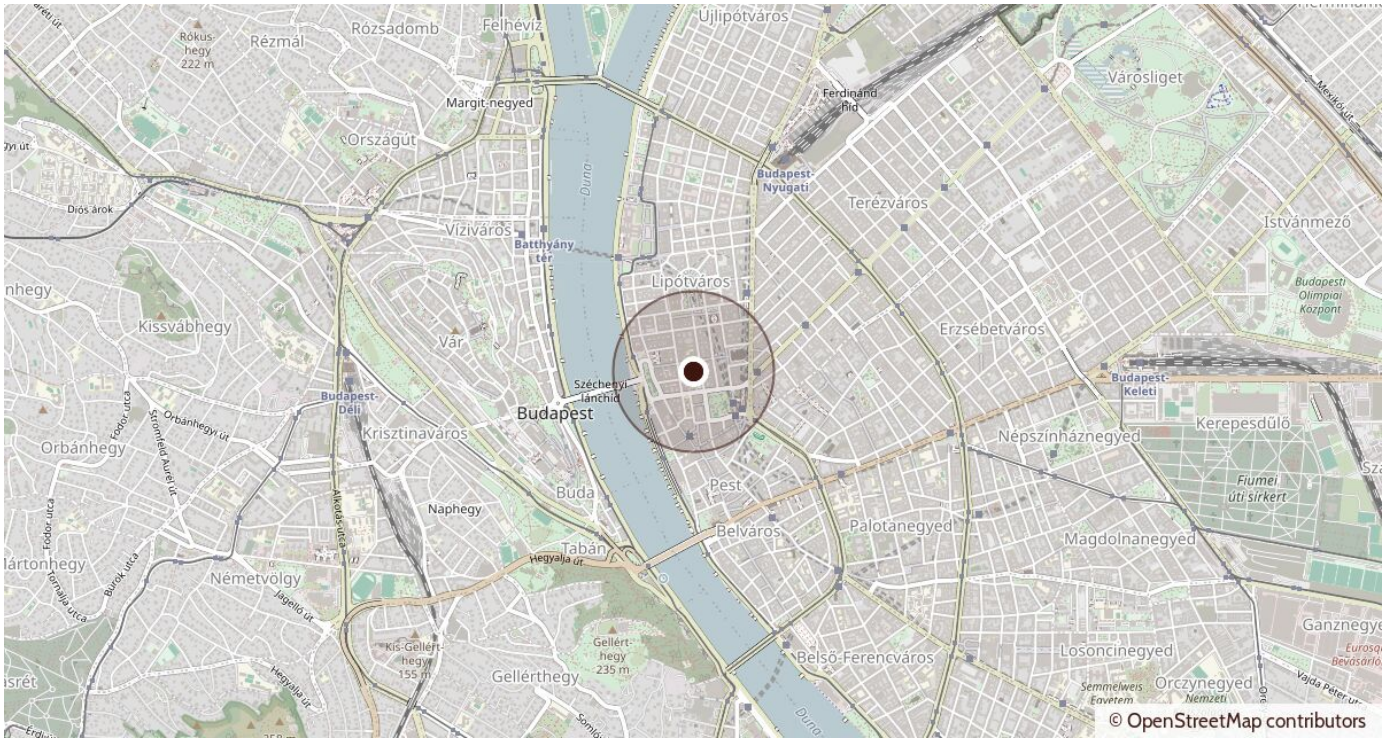

The apartment is fully equipped and furnished with bespoke, custom-designed pieces, allowing the new owner to move in immediately.

This exceptional property is an ideal choice for those seeking a premium-quality residence in one of Budapest’s most prestigious central locations — a home where breathtaking Danube views, contemporary interior design and carefully selected materials come together to create a truly distinctive living experience.
