DESCRIPTION

M15 Residence is located in Budapest's historic city centre, within walking distance of the Danube and Váci Street. Originally constructed in the early 1900s, the building underwent a complete structural and technical reconstruction in 2018, preserving its architectural character while introducing contemporary building systems throughout.

The building comprises five full-floor residences and a penthouse home occupying the sixth and seventh floors. All apartments benefit from a southern orientation and views towards the Danube.

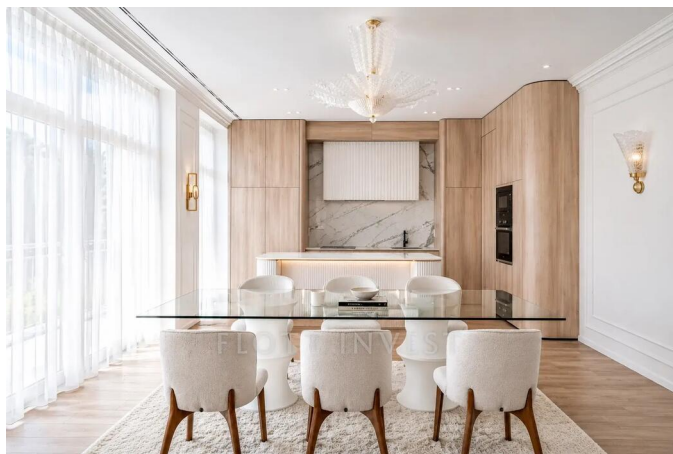

The ground floor is currently occupied by an art gallery and may in the future be adapted as a gym or other communal amenity for residents.

Residence No.2 occupies the entire second floor of the building. The apartment offers 199 sqm of internal living space complemented by a 12 sqm terrace. Configured with three bedrooms, the property is offered fully completed and furnished.

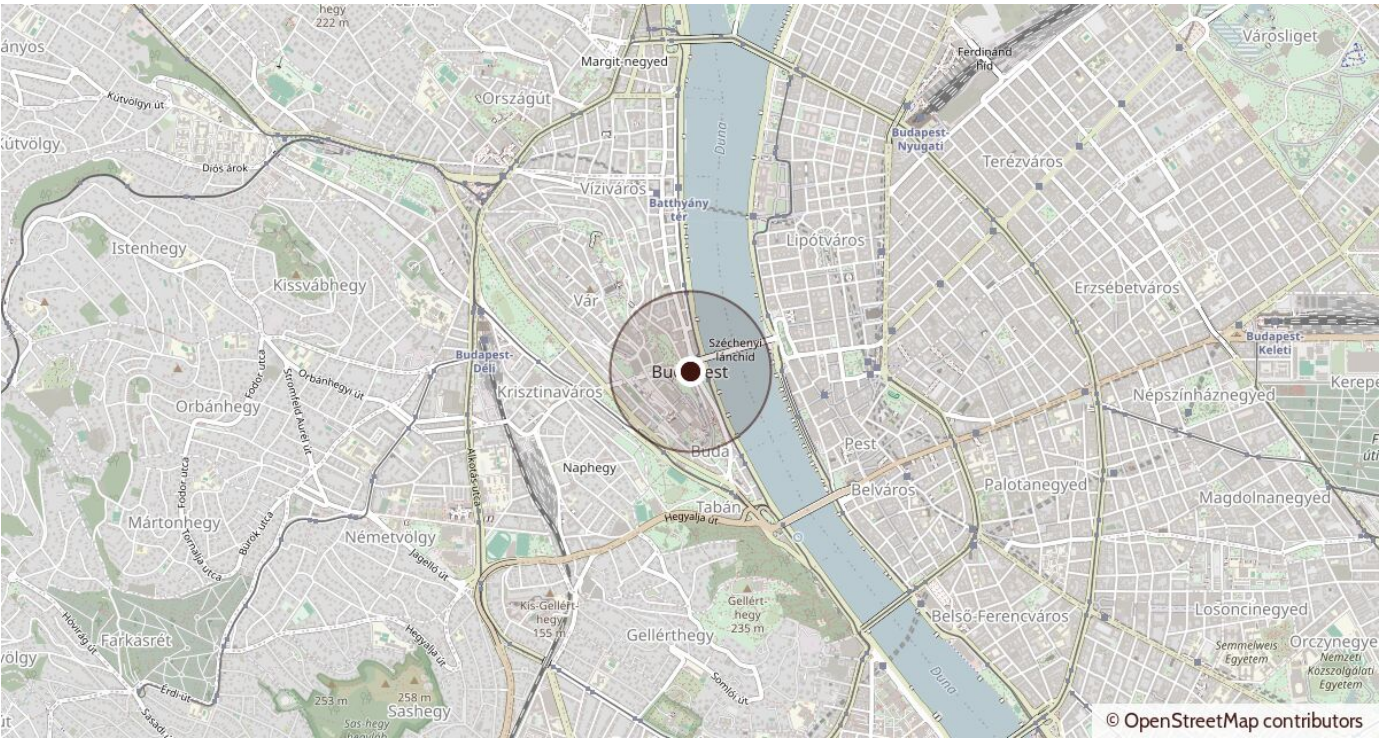

A private storage room and one underground parking space are included.
