DESCRIPTION

Take a look at this unique Mediterranean villa, located in one of the most beautiful parts of the 3rd district, Aranyhegy. The house was built in 2012, on a completely private, 1740 m2 plot and meets the highest quality standards.

The exterior and interior of the villa are designed in a Mediterranean style. The landscaped garden is a real oasis, made even more magical by a picturesque garden pond.

The property has its own indoor wellness area, where a counter-current pool and a jacuzzi are also located. Premium quality limestone and marble coverings, impressive beams and masterful carpentry in the interior spaces make this house truly special. The jewel of the living room is a wonderful tiled stove, which is also a masterpiece.

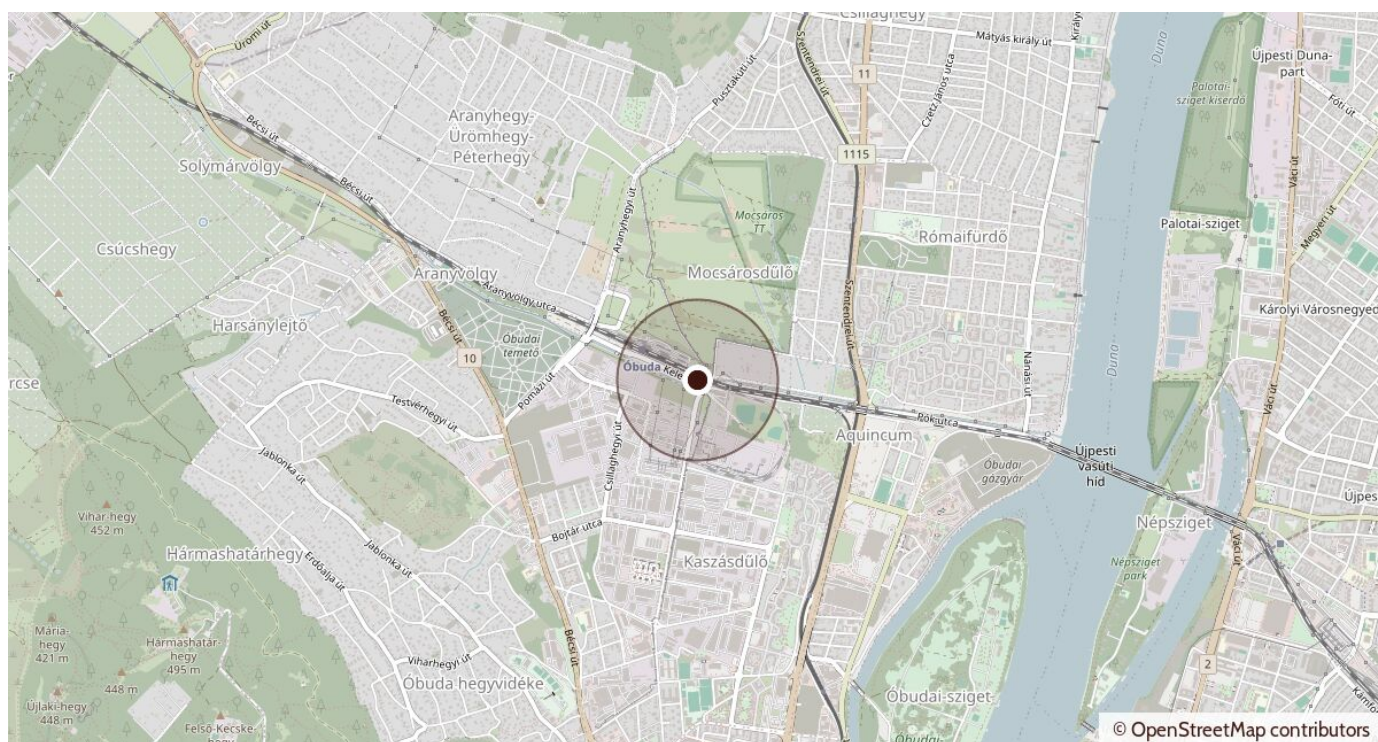

This luxury villa was built to an exceptionally high quality, a real rarity on the Budapest real estate market!
