DESCRIPTION

We offer this special penthouse apartment on Naphegy, which offers an amazing panorama of Buda Castle.

The property is located on the top floor of the house, which currently consists of two apartments, one larger and one smaller, with 4 balconies.

The larger apartment was given an exclusive, classic style, while the smaller property essentially functioned as a studio apartment until now. The two properties can be opened together, and even the flat roof above it can be incorporated within the framework of further development, which can almost double the floor area.

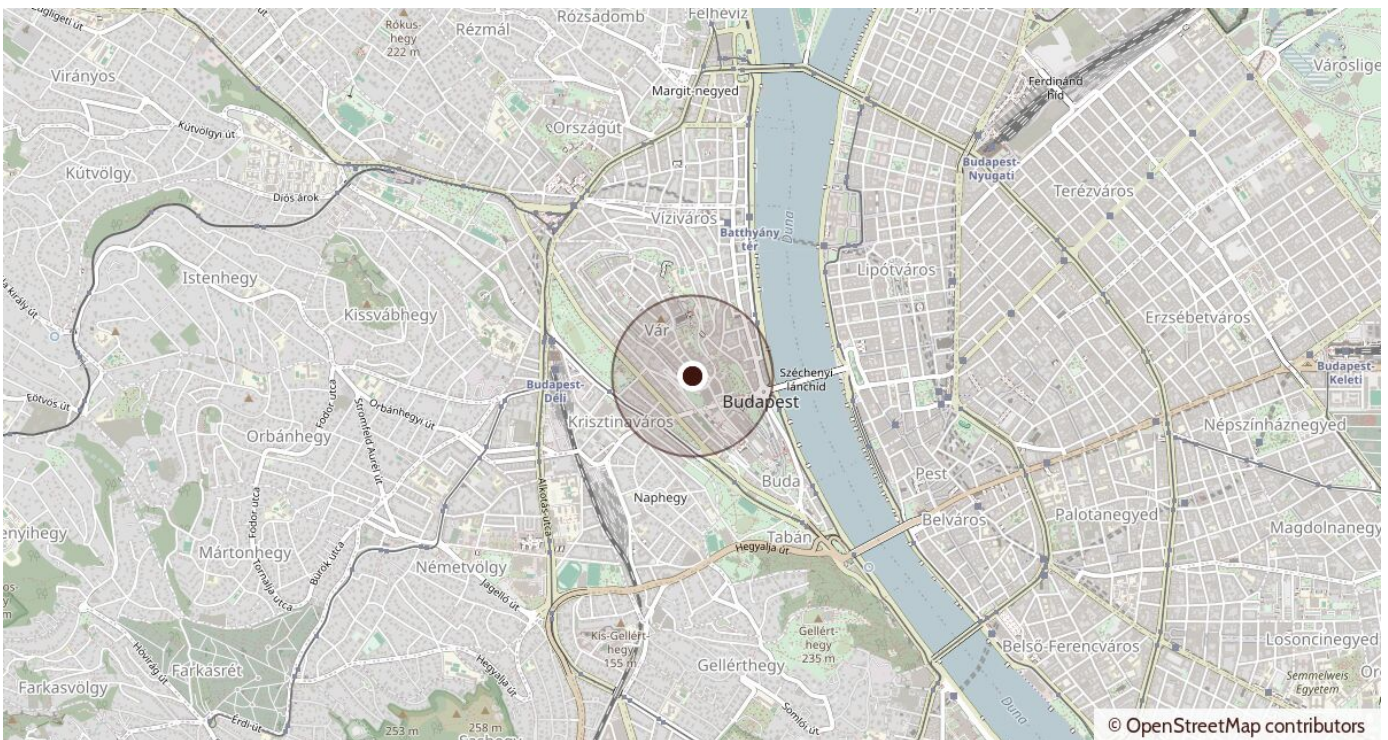

A very special property with lots of possibilities.
